

"Faithful Giver" Chart

"It is required in stewards, that a man be found faithful." 1 Cor 4:2

Use the chart below to evaluate how faithful you have been in giving to God's work at your church between January 1st and June 30th. Your faithful giving is vital to your own spiritual health and to the well being of your church ministries and pastoral staff families.

HOW TO BEST USE THIS CHART

Step #1 - Check the box above that best represents how much you wanted to regularly give to the Lord's work at your church.

Step #2 - Compare what you checked on the chart with your current church giving statement.

Step #3 - Realize that Scripture teaches that Christian giving is an important part of a person's spiritual growth and development.

Step #4 - If you have fallen short of your intentions, prayerfully ask yourself the question: Do I realize it would be a great help to my church if I considered giving a "catch up" offering (or offerings) to help make up for some of the offerings I didn't give?

Step #5 - Ask yourself the question: In the future, what can I begin to do to become more faithful in my giving to the Lord's work at my church? Consider this suggestion: Whenever you write a deposit into your checkbook, immediately write out a check for the Lord's work. Then you will always be prepared to faithfully give to the Lord from what He's given you!
